

Outreach Education Subcommittee Minutes

Thursday July 6, 1400-1500

Present: Armon, Flor, Meyer, Lamp

- bCON
 - a. Maria and others will be giving bCON train the trainer at next STAC meeting in September
 - b. Maria & Todd will have bCON exhibit at Waseca County Fair July 13
 - c. Maria & Todd are working with Jessica Schleck to have bCON train the trainer at TZD State conference
 - d. Meghan and Mayo One Eau Claire flight crew continue to offer bCON along with informal landing zone training to area pre-hospital providers in the NW WI area. Will work at rolling this same educational offering in the SE/SC MN areas with flight crew.
 - e. Gwen has bCON classes scheduled with Caledonia PD, Winona Amb., and Franciscan Skemp MCHS
 - f. Maria and Gwen plan to take bCON education topic to SC/SE Ambulance Directors meetings this month July 26/27
- Trauma & pregnancy – October 12th

Session will be 1000-1200

Will be broke into 4 stations giving 30 minutes per station

Station 1 Erica Loomis MD: How to care for and assess a pregnant trauma patient – Gwen will contact Erica to give details

Station 2 Chris Collura MD: Fetal loss-what are your resources to direct family, how do you assess a pre-term infant and decide to resuscitate or hold resuscitation efforts, resuscitation priorities – Dr. Klinkner will contact Chris and give details

Station 3 NICU nurse/RT TBD: Managing the pre-term airway, placing an umbilical line. Meghan has been in contact with Donna Hanks RN & Chris Bosley RT. Nichole Peterson RT will also help out.

Station 4 Staffing TBD: Vaginal Delivery mannequin, Meghan will get mannequin from SE EMS, Maria checking with Amy Bryan at MCHS-Mankato to get other mannequin. Maria will contact Dr. Amy Bryan about leading this station and giving any details. Addendum 6/2017; Maria says. Dr. Brien confirmed that she and the delivering manikin

Video-taping Education: Ted Armon plans to video tape the stations and then work through Mike J. in uploading to SMRTAC website. Meghan, Maria, and Gwen will work on getting video tape permissions from our individual presenters. Making this educational offering available through our website may be very valuable to our pre-hospital providers who cannot attend a daytime SMRTAC meeting and would appreciate access to the education. This would fit the new EMT continuing educational curriculum for individual and local components

- We need more educational outreach committee members as we have lost many. Please reach out to your colleagues and see if interested.
- 2018 Educational Topics
 - a. It was suggested that Sherrie send out survey to gage what SMRTAC membership is interested in
 - b. Gwen and Maria plan to add educational topics to their agenda when speaking at the ambulance directors meetings as well as asking the question "Are you connected with your area hospitals? What do you need from your local trauma centers? What education can we supply you with?". This is part of the SMRTAC grant deliverables.
- Open Forum - nothing

Next Meeting: September 7, 2017 1400-1500
